1985 INDEX

Feature Articles

Anderson, David, and Metzger, Richard. "Evolution Of A Local Area Network At A Liberal Arts College." September, pp. 40-45.

Bates, John, and Leclerc, Gerry. "A Microcomputer Information Centre: McGill's Experience." November, pp. 24-27.

Blankenship, Lloyd. "An Amateur's View Of the Information Revolution In Academe." September, pp. 18-23.

Cloutier, Lucinda, and Hoffman, Roslyn. "Executive Decision Making: Using Microcomputers In Budget Planning." January, pp. 22-28.

DiMarco, Judith. "Care And Feeding Of Users: Effective Information Management." November, pp. 6-9.

Duckenfield, Christopher. "Videotex—A Campus Application." March, pp. 12-15.

Fleit, Linda, and Whiteside, Richard. "Personal Computers: Is It Really Independence Day At Last?" November, pp. 10-14.

Frazier, Lavon. "Inventory And Billing Systems For Multiple Users." March, pp. 18-22.

Glover, Robert. "A Fourth-Generation Approach To Decision Support In A Private University." March, pp. 24-30.

Heterick, Robert, and Khanna, Raman. "Servicing Personal Computers." January, pp. 4-11.

Hiser, Judith, and Neil, M. Elizabeth. "A Query System Implementation Case Study." May, pp. 10-17.

Klingenstein, Kenneth, and Devine, Gary. "Distributed Computing: Options In The Eighties." May, pp. 4-9.

Krumrey, Arthur, and Sanders, Jerry. "Information Center Project Assignment Guidelines." November, pp. 28-32.

LeDuc, Jr., Albert. "Evaluation Of Computer Center Professional Personnel." May, pp. 28-32.

Lilly, Judy. "Organization For Communications Network Services." July, pp. 28-32.

Litaker, R. Gregory; Staman, E. Michael; and Rinker, Lowell. "Integrating Fourth-Generation Tools Into The Applications Development Environment." November, pp. 16-19, 36-37.

Little, Robert, and Temares, M. Lewis. "The Impact Of Technology On The University Of Miami." March, pp. 6-10.

Lowry, Christina, and Little, Robert. "The Perils Of Prototyping." July, pp. 4-8.

Mason, Thomas. "Institutional Research With 'Smart Machines'." May, pp. 20-26.

Mathezer, Gordon. "Management Framework For Information Technologies." July, pp. 10-15, 21.

Penrod, James, and Wasileski, John. "DSS—A Promising Future." January, pp. 12-17.

Rokicki, Phillip, and Springer, Peggy. "Tying Diverse Data Bases Together." January, pp. 30-35.

Sapp, Mary, and Temares, M. Lewis. "Decision Support Systems For Strategic Planning." September, pp. 34-39.

Sholtys, Phyllis. "Impact of Information Management In The University Setting." September, pp. 24-27, 45.

Shumate, Cynthia. "The Best Of Both Worlds: An Application Using Micros And The Mainframe." July, pp. 22-27.

Other Articles

Banks, Samuel; McCabe, Robert; and Lavery, William. "An Executive Perspective." September, pp. 5-16. (Interviews of three presidents.)

Bosela, George. "Higher Education And Strategic Planning: Controlling Responses To New Realities." September, p. 2.

Bosela, George. "Riding The Wave." November, p. 3.

Penrod, James. "A Case For The Chief Information Officer." September, pp. 3-4.

Current Issues

Compton, William. "AIS Staff Development/Retention." January, pp. 2-3.

St. John, Edward. "Automated Student Aid Processing: The Challenge And Opportunity." July, pp. 2-3. (Part one of a series.)

St. John, Edward. "Federal Strategy For Student Aid Redesign: Implications For Postsecondary Institutions." November, pp. 34-35. (Part three of a series.)

St. John, Edward, and Robinson, Lisa. "Redesign Of The Delivery Systems For Federal Student Aid Programs." September, pp. 46-48. (Part two of a series.)

Steingraber, Jack. "Priority Determinations And Focus Of Control." May, p. 2.

Vickers, G. W. "The Hub Of The Wheel." November, p. 33.

West, Thomas. "Campus Executives Must Give Attention To Telecommunications." March, pp. 2-4.

Viewpoint

Coughlin, Patrick. "Administrative Computing In Small Universities And Colleges." September, p. 33.

Flanagan, John. "Effective Supervision." March, p. 23.

Hawkins, Brian. "A New Partnership In Software Development." September, p. 32.

Jonas, Ronald. "The Information Center: An Agent Of Institutional Change." November, pp. 4-5.

Trachtenberg, Stephen. "The Original Low Tech Man." January, pp. 18-19.

Van Houweling, Douglas. "The Network Imperative For Information Technology In Higher Education." July, pp. 16-17.

Publications

Donald, A. Wayne. Reviewed *The Complete Guide to Installing Personal Computers*, by William E. Perry. September, p. 50.

Edgar, Joseph. Reviewed *Current Practices In Software Development*, by David King. March, p. 11.

Grossett-Ryan, Daphne. Reviewed *Managing Database: Four Critical Factors*, by Michael M. Gorman. May, p. 33.

Heigl, Arthur. Reviewed *The DP Executive's Guide to Microcomputer Management and Control*, by George E. Priest. September, p. 51-52.

Kuhl, Claire. Reviewed *Data Analysis: The Key to Data Base Design*, by Richard Perkinson. January, p. 36.

LeDuc, Jr., A. L. Reviewed *Techniques of EDP Project Management: A Book of Readings*, edited by Alan E. Brill. July, p. 35.

Little, Robert. Reviewed *Powerbase: How to Build It, How to Keep It*, by Marilyn Moats Kennedy. September, p. 49.

Meyer, Richard W. Reviewed *Management Evaluation of Software Packages*. July, p. 34.

Robertson, Elizabeth. Reviewed *Planning Techniques for Systems Management*, by Robert V. Head. May, pp. 34-35.

Zastrocky, Michael. Reviewed *Using Microcomputers for Planning and Management Support*, edited by William L. Tetlow. November, p. 23.

College and University Computing Environment

University of Arizona. May, pp. 18-19.

Drexel University. September, pp. 28-31.

San Francisco State University. November, pp. 20-22.

University of Miami. March, pp. 16-17.

University of Michigan. July, pp. 18-20.

University of North Carolina at Greensboro. January, pp. 20-21.
